LUCE COMO BOAT

OUR STORY

LUCE COMO BOAT was born from a deep connection with Lake Como.

It is not just a boat tour project, but the desire to share the emotion of a unique place in the world through an authentic, elegant and personal perspective.

Every corner of the lake tells a story: the villas suspended over the water, the small hidden villages, the light that changes throughout the day and the silence you breathe while sailing far from the shore. From this love for Como, LUCE COMO BOAT was born: an experience designed for those who wish to live the lake in an intimate, refined and memorable way.

The name "LUCE" represents what makes this place so special: the morning light on the mountains, the golden sunsets on the water, the romantic atmospheres that transform every tour into a memory to treasure.

We don't simply want to take people on a boat ride.

We want to make them dream.

THE EXPERIENCE

Every tour is designed to offer authentic emotions, relaxation and beauty.

The boat is crafted down to the smallest detail, with an elegant and welcoming style designed to make every guest feel special from the very first moment.

The materials, colors, music, scents and atmosphere are an integral part of the experience.

Every detail has been carefully chosen to create unique moments to live on the lake.

Sailing with LUCE COMO BOAT means slowing down, letting yourself be carried by the water and experiencing Lake Como with different eyes.
